Explores Lucian's influence on Renaissance writers

The collected poetry, covering a 50-year span from 1970 to 2020, of one of Canada's most influential writers, literary critics and publishers. His work has been described as a multidimensional oeuvre that includes autobiography, politics, the quotidian, myth, tragedy and humor. And D'Alfonso himself has been called a philosopher who puts on the mask of the poet in order to better grasp the ambiguities of our world.

"Complete Arcane" provides Dungeons & Dragons players with an in-depth look at how to access traditional arcane magic and use that power to a character's advantage.

This handbook aims to debunk the myth that vegetarian diets provide inadequate nutrition for growing children. Separate chapters address the needs of infants, preschoolers, school-age children, and teenagers. There are lots of child-friendly recipes, and a resources section.

Blueprint 3 is the direct sequel to the ground-breaking Blueprint for a Green Economy. Taking the argument much further, David Pearce and his colleagues show how progress towards sustainability in the UK can be measured. They set out the conditions for sustainable development and the measures of economic progress these imply, before looking in detail at all the main areas of economic activity to which the measures are applicable. The result is a wide-ranging and cogent critique of existing policies which also offers new options - options which will require far-reaching reform of this country's existing political and institutional structure. Blueprint 3 will be a touchstone for future discussions of all the major policy areas.
