Christopher Hitchens: What Did Margaret Thatcher Do for Britain? Iron Lady /u0026 British Politics (1987) The Penguin Book of the British Short Story – Tessa Hadley British Politics A Very Short

British Politics: A Very Short Introduction explores the history of British politics, looking at whether the present instability is an aberration, the result of long-standing fault lines, or both. Current events are placed within a longer, larger perspective, focusing on Britain ' s constitution, its polarized political culture of debates and disagreements, the importance of party politics, and the meaning of representative democracy now.

## Access Free British Politics A Very Short Introduction Very Short Introductions

identifies key characteristics and ideas of the British tradition, and investigates what makes British politics distinctive, while emphasizing throughout how these characteristics are reflected in the way the political system functions. Each chapter is organized around a key theme, such as the constitution or political accountability, which is first established and then explored with examples and illustrations. In this new edition Wright considers how the system has recently changed and continues to do so, in light of the coalition government and the fall of New Labour, as well as the impact of the financial crisis and issues such as terrorism and immigration. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area.

## Access Free British Politics A Very Short Introduction Very Short Introductions

These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

An interpretative essay on the British political system looks at the key characteristics and ideas of the British tradition, explores what makes British politics distinctive, and considers how the system continues to evolve.

This is an interpretative essay on the British political system rather than just an abbreviated textbook on how it currently works. The author identifies key characteristics and ideas of the British tradition.

Providing the general reader and the student with an introduction to the central issues of political science, A Very Short Introduction to Politics shows how political trends and maneuvers develop and how they help shape our society. Kenneth Minogue, with his lively and popular style, begins with a discussion of issues arising from a historical account of politics, and goes on to offer chapters dealing with the Ancient Greeks and the idea of citizenship; Roman law; medieval Christianity and individualism; freedom since Machiavelli and Hobbes; the challenge of ideologies; democracy, oligarchy, and bureaucracy; power and order in modern society; and politics in the West. Readable and pithy, this entertaining introduction is perfect for anyone looking for an accessible overview of the subject.

# Access Free British Politics A Very Short Introduction Very Short Introductions

Over the last two decades British politics has undergone a remarkable transformation. While some components of the system have been eroded, such as voter turnout and membership of the big parties, other parts have flourished, such as nationalist parties, the insurgent UKIP, as well as the new media. *British Politics: The Basics* analyses these changes and places them within the context of the evolution of British society from absolute monarchy to representative democracy. It considers each of the major components of British politics, such as the Monarchy and the House of Lords, the Commons, voting behaviour, parties and pressure groups, the Prime Minister and Cabinet, devolution, local government, and foreign policy. Its

Future of British Politics, comedian Frankie Boyle takes a characteristically acerbic look at some of the forces that will be key in coming years, from Scottish independence and post-colonial entitlement to big tech surveillance and the looming climate catastrophe. Despite his fears that 'soon the only red tape in this country will be across the finish line of the compulsory Food Bank Olympics', he manages to locate some hopeful signs amid the gloom, reminding us that 'despair is a moment that pretends to be permanent'. This brief but mighty book is one of five that comprise the first set of FUTURES essays. Each standalone book presents the author's original vision of a singular aspect of the future which inspires in them hope or reticence, optimism or fear. Read individually, these essays will inform, entertain and

challenge. Together, they form a picture of what might lie ahead, and ask the reader to imagine how we might make the transition from here to there, from now to then.

The British constitution is regarded as unique among the constitutions of the world. What are the main characteristics of Britain's peculiar constitutional arrangements? How has the British constitution altered in response to the changing nature of its state - from England, to Britain, to the United Kingdom? What impact has the UK's developing relations with the European Union caused? These are some of the questions that Martin Loughlin addresses in this Very Short Introduction. As a constitution, it is one that has grown organically in response to changes in the economic,

political, and social environment, and which is not contained in a single authoritative text. By considering the nature and authority of the current British constitution, and placing it in the context of others, Loughlin considers how the traditional idea of a constitution came to be retained, what problems have been generated as a result of adapting a traditional approach in a modern political world, looking at what the future prospects for the British constitution are.

highly readable.

• How do voters in Britain decide which party to vote for in elections? • Why do smaller parties get more support than they used to? • How do the mass media influence political opinions? The authors examine these and other questions in the third edition of this popular text. They trace the evolution of the British electorate over the post-war period, and focus in particular on recent elections – from Labour's victories in the 2000s through to the hung parliament of 2010. As well as examining and explaining theories of party choice – including the view that voters' evaluations of government performance and party leaders are now the key determinants of election outcomes – the authors also
