See What I Mean is a slightly unique book in structure. Because it is about using comics to communicate ideas, there are two ways to read the book. The first is as you would a regular book-reading the prose of the chapters with accompanying examples and figures.

Offers picture puzzles which invite young readers to pick out objects having different colors, sizes, and physical features, in each of twelve fairy tales.

This is what I see exaggerated. That is why this is fiction! With me a new twist of the conscious. We think but never speak about the sensitive side. Place in metaphors and statements, presenting reality and a bonus of fiction. Welcome to my sighting, vision, and exaggeration of what could be true. Become my eyes, as you focus on the words. Now can you see what I see? Twisting scenes, transferring thoughts to an emotion, touching the unseen, holding hands with fear, realizing it's truth to an open opinion. This is why I felt compelled to tell the story. A plan from deep within set a sail for my new adventures of what I see, and what I think I see, and to learn the difference. Taught speak no evil, see no evil,

hear no evil, so I wrote it instead. These rules were never clarified outside the main ingredients. So telling the story this way makes it easier for my conscience, releasing a poison that was slowly trying to kill a humble soul. Sins and unwanted memories can be at peace, through the conclusion of a fictional story. Or is it? My gift of a fictional horror with an inspirational meaning. Read my exaggeration, and form your opinion of a book called "Can You See What I See?" I'm not a big fan of gambling, but I bet a pocket full of coins that this book is different, heads or tails. P.S. Remember three is a charm. Two more will follow.

A coming-of-age story about learning to celebrate yourself -- and teaching the world to recognize you, too -- perfect for fans of R. J. Palacio's Wonder! "This glimpse into the world of a young autistic girl is astonishingly insightful and honest. Tally's struggles to 'fit in' are heart-wrenching, and her victories are glorious." -- Ann M. Martin, Newbery Honor and New York Times bestselling author of Rain Reign
Tally is dreading about sixth grade:-- Being in classes without her best friends-- New (scratchy) uniforms-- Hiding her autism
Tally isn't ashamed of being autistic -- even if it complicates life sometimes, it's part of who she is. But this is her first year at Kingswood Academy, and her best friend, Layla, is the only one who knows. And while a lot of other people are uncomfortable around Tally, Layla has never been one of them . . . until now. Something is different about sixth grade, and Tally now feels like she has to act "normal." But as Tally hides her true self, she starts to wonder what "normal" means after all and whether fitting in is really what matters most. Inspired by young coauthor Libby Scott's own experiences with autism, this is an honest and moving middle-school story of friends, family, and finding one's place.

Discover a busy world at night with this wonderful peep-through book! With fascinating facts and lots to see, this is a fun and reassuring glimpse into life after dark.

This book is for all (everyone), the learned and the not so learned. It entails a path for those who can see and a direction for those who can't. It is a guide for some, a key for few and a source for many. It is poetry, it is documented facts along with scripture, it is truth within the art and detailed, it is powerful. Then again, it may not be for you... If you don't believe in anything or anyone at all.

Mankind always waits until they have nothing else they can do to give time to their surroundings. The life of man has and seems to always be the fault of someone else. From the beginning, he has not given consideration to anything but himself until the fall and this is where God comes in. He had dominion and could not see that he had the power and rule over every little creature, even over the serpent. It is not until he is crossed over by his own mistakes will he identify that God is in charge. God has given us rule, and we blame everyone else for not accomplishing the task given to us by him. If it's not the wife, it's the children, the job, the lack of money, or the lack of opportunity just to name a few things. When are we going to admit it? We are the problem. We serve a merciful God, and he cares for us more than we can describe or imagine.
