Award-winning author Susin Nielsen has written a laugh-out-loud and heartrending novel for fans of Robyn Schneider 's Extraordinary Means and Cammie McGovern 's Say What You Will. Beware: Life ahead. Sixteen-year-old Petula de Wilde is anything but wild. A former crafting fiend with a happy life, Petula shut herself off from

the world after a family tragedy. She sees danger in all the ordinary things, like crossing the street, a bug bite, or a germ handshake. She knows: life is out to get you. The worst part of her week is her comically lame mandatory art therapy class with a small group of fellow misfits. Then a new boy, Jacob, appears at school and in her therapy group. He seems so normal and confident, though he has a prosthetic arm; and soon he teams up with Petula on a hilarious project, gradually inspiring her to let go of some of her fears. But as the two grow closer, a hidden truth behind why he 's in the group threatens to derail them, unless Petula takes a huge risk. . . . Thirteen-year-old Stewart is academically brilliant but socially clueless. Fourteen-year-old Ashley is the undisputed It girl in her class, but her grades stink. Their worlds are about to collide when Stewart and his dad move in with Ashley and her mom. Stewart is trying to be 89.9 percent happy about it, but Ashley is 110 percent horrified. She already has to hide the real reason her dad moved out; Spewart could further threaten her position at the top of the social ladder.

In simple text and illustrations, the author explains all the things that can happen in a minute--both good and bad.

Furgul is a puppy born in a slave camp for racing greyhounds, and he has a terrible secret--he is himself only part greyhound. When the cruel owner of the camp recognizes Furgul's impure origins he takes Furgul to be killed, but Furgal manages a spectacular escape. Now Furgul must confront the indifference, complexity, warmth, and ferocity of the greater world, a world in which there seem to be two choices: live the comfortable life of a pet and sacrifice freedom or live the life of a free dog, glorious but also dangerous, in which every man will turn his hand against you. In the best tradition of *The Call of the Wild* and *Watership Down*, novelist Tim Willocks offers his first tale for young adults, an allegorical examination of human life through a dog's eyes, infused with heart, heroism, and the mysteries of the spirit.

Darker than her previous novels, Susin peoples this novel about the ultimate cost of bullying with a cast of fabulous characters, dark humour, and a lovable, difficult protagonist struggling to come to terms with the horrible crime his brother has committed.

Tim can't wait to go on holiday - especially as he gets to bring his friend Biscuits along. But their trip unexpectedly becomes truly, terribly adventurous when an encounter with two local bully-boys threatens to disrupt the fun. Narrated by Tim and interspersed with revealing, illustrated extracts from Tim and Biscuits's holiday diaries, this is a wonderfully enjoyable story from one of the most popular writers around that both girls and boys will love.

saying the wrong thing at the worst possible time, and for words. In short, he ' s a self-described nerd. Making friends is especially hard because he and his overprotective mother, Irene, have had to move so often. And when bullies at his latest school almost kill him by deliberately slipping a peanut into his sandwich to set off his allergy, it's his mother who has the extreme reaction. From now on, Ambrose has to be home-schooled. Then Ambrose strikes up an unlikely friendship with the landlord's son, Cosmo, an ex-con who's been in prison. They have nothing in common except for Scrabble. But a small deception grows out of control when Ambrose convinces a reluctant Cosmo to take him to a Scrabble club. Could this spell disaster for Ambrose?
