Devised with a focus on problem solving, Geotechnical Problem Solving bridges the gap between geotechnical and soil mechanics material covered in university Civil Engineering courses and the advanced topics required for practicing Civil, Structural and Geotechnical engineers. By giving newly qualified engineers the information needed to apply their extensive theoretical knowledge, and informing more established practitioners of the latest developments, this book enables readers to consider how to confidently approach problems having thought through the various options available. Where various competing solutions are proposed, the author systematically leads through each option, weighing up the benefits and drawbacks of each, to ensure the reader can approach and solve real-world problems in a similar manner. The scope of material covered includes a range of geotechnical topics, such as soil classification, soil stresses and strength and soil

This book will open your eyes to the counsel of Balaam, which affected Israel and is now affecting this great nation of ours. America's present-day woes are not physical, but rather spiritual. Balaam could not curse Israel, and with our enemies, but they can lead us into sin, which our God hates, and that will cause Him to walk away from us. After reading this book, you will see this evil like never before, but you will also learn to walk away from it.

Fascinating, engaging, and extremely visual, Foundations of Astronomy Twelfth Edition emphasizes the scientific method throughout as it guides students to answer two fundamental questions: What are we? And how do we know? Updated with the newest developments and latest discoveries in the exciting study of astronomy, authors Michael Seeds and Dana Backman discuss the interplay between evidence and hypothesis, while providing not only fact but also a

A biblical theology of worship spanning both the Old and New Testaments While many books on worship focus on contemporary trends, Biblical Worship plumbs every book of the Bible to uncover its teaching on worship and then applies these insights to our lives and churches today. A team of respected evangelical scholars unearths insights into a variety of issues surrounding worship, including: □ The Old Testament concept of worship □ Worship before the Exodus □ Worship in the Old Testament feasts and celebrations □ Worship in the Psalms of Lament and Thanksgiving □ The New Testament concept of worship □ Worship in the Gospels □ Worship in Acts □ Worship in the Pastoral Epistles, and much more. Pastors, worship leaders, instructors, and anyone who wants to grow in their knowledge of the Bible's full teaching on worship and how it applies today will benefit from this volume, part of the Biblical Theology for the Church series.
