visible to the

vehicle's operator.
The best location for
the receiver/antenna

is centered high on
either the front or rear
windshield. For
optimal range, the
antenna should be
mounted vertically.

*Clifford Matrix Alarm
Installation Guide*

The first step in
installing a Clifford car
alarm is to decide
where to put the
control module and

Download File

PDF Clifford

shock sensor. Under the passenger seat or the dash is a good place for the control module. No matter where you mount the shock sensor, make sure it is protected from water and mounted to something that is extremely rigid and connected to either the frame or the body.
