Beautiful and innocent, yet perceptive and intelligent the Rector ’ s daughter, Odella Wayne, suspects that the local circus fortune-teller, Madame Zosina, is using her ‘ special powers ’ to hoodwink British sailors into revealing their warships ’ embarkation times at Portsmouth in order to pass the information on to Napoleon ’ s spies and the French Navy is waiting to attack them at sea. This is 1814 and a year before the Battle of Waterloo when the French are Great Britain ’ s deadliest enemies and they will stop at nothing to defeat and humiliate the British whenever they feel that they can get away with it. When Odella reports her fears to the dashing and handsome war hero, the Marquis of Mithurst, he asks her to risk her life for her country by drugging Madame Zosina and secretly taking her place in the fortune-tellers ’ tent at the circus. Drawn into the terrifying world of wartime espionage, Odella alone can potentially identify a French assassin on a mission to kill His Royal Highness the Prince Regent, having overheard his dastardly plotting. At terrible risk of losing her life, she has already lost her heart to the Marquis when he saves her from the killer ’ s knife and sweeps her up in his arms –

With the help of industrialist Andrew Carnegie, the author of this remarkable book spent two decades interviewing hundreds of people renowned for their wealth and achievement. Napoleon Hill’s all-time bestseller in the personal success field offers priceless advice on positive thinking and overcoming adversity by distilling the collective wisdom of Henry Ford, Thomas Edison, John D. Rockefeller, and other successful figures from the worlds of finance, industry, and the arts. Growing rich, Hill explains, is about far more than just making money. "Whatever the mind can conceive and believe," he asserts, "it can achieve with positive mental attitude." Hill outlines 13 principles of success involving goal setting, developing entrepreneurial thinking, and exercising effective leadership. A must for any reader of The Secret, this guide will transform the way you think about time, money, and relationships, setting your feet on the path to financial freedom.

Updated with a new foreword and revised text, a twentieth anniversary release of a top-selling reference counsels women on how to end destructive cycles of co-dependence and misogyny, in a guide that shares case histories of women who have ended or improved relationships with emotionally unavailable, addicted, or unfaithful partners. Reprint. 50,000 first printing.

Can you imagine a future where everyone has given up sleeping? From the creator of the television series Red Band Society and author of the international bestseller The Yellow World comes this uniquely special novel. What if I could reveal your secrets with just a glance? And what if I could feel with your heart just by looking at you? And what if --in a single moment-- I could know that we were made for each other? Marcos has just lost his mother, a famous dancer who taught him everything, and he decides that his world can never be the same without her. Just as he is about to make a radical change, a phone call turns his world upside down. Albert Espinosa has a peculiar talent for generating immediate congeniality around him, for shifting people’s moods toward the positive and for reconciling them with themselves and the world, when needed. Reviews: « Albert Espinosa lives exclusively in his imagination. He uses it to write, to direct plays and films and to act. His sense of humour is as special as his way of living. An optimism as contagious as a cold.» Teresa Cendr ó s, El Peri ó dico « If there’s one ability Espinosa has had in all of his multifactorial creations it’s his capacity to stand in other people’s shoes. Empathy is his strength.» N ú ria Escur, La Vanguardia « Speaking with Albert teaches me many new things, such as "it is not sad to die" and that what is sad is not living, not to live it all (...). He knows what he’s talking about and knows how to tell it, and that’s why his works help us to live.» V í ctor M. Amela, La Vanguardia « Espinosa says what he thinks and feels, taking out any feeling from his closet in the same manner he sticks out his leg. He knows he is alive because of a miracle and that life is a short miracle. How I like this guy. His life, his theatre, his gambles, humour and his courage. There’s no one else like him.» Marcos Ord ó ñ ez, El Pa í s « A militant of life, an engineer of art.» Elena Pita, El Mundo « Armoured in the face of pessimism, Everything You and I Could Have Been If We Weren’t You and I shines with the positive outlook that that the author projects on everything he does.» Bel é n Guinart, El Pa í s « Everything You and I Could Have Been If We Weren’t You and I presents a fast, direct, uninhibited, almost gestural style, which is a machine of empathy for the reader and is not devoid of humour.» El Correo Espa ñ ol
