she finds her people on the brink of a supernatural war. The vampires have decided all shifter kind must be exterminated, and they've got the firepower to make good on that goal. Ren's got plenty of fire of her own, of course. But she's only one dragon, and there are a whole lot of vampires. As she scrambles to protect all of her kin and figure up what the heck is up with the last of her mates, she can't help suspecting this challenge is more than she and her alphas can handle alone. The secrets buried in the dragon shifter estate may hold the answer—but finding it will force her to question everything she thought she knew about this new world.

My impromptu guitar duet with a cute guy in a music store turns catastrophic when ethereal Fate hounds crash the party. They've been stalking me and my music is their lure—but they don't attack me, they go after him instead, and now it's my fault he's stuck in his enormous golden dragon form and on the verge of turning feral. Taming a feral dragon is a commitment I'm not sure I'm prepared for, but if I don't, the entire human world will be in danger and the presence of the higher races won't remain secret for much longer. So I give in for the sake of humanity, sharing my body and my healing magic to protect us all. But the hounds are still out there, attacking other innocents in the name of Fate. My dragon lover's band mates are in danger too, and the only way to protect them means making them my mates. I'm the last person they should be with—girls who don't have souls don't get to have soul mates. So why are all five of these men looking at me like I'm the answer to all their prayers? Fate's Fools is the first book in the highly erotic reverse harem series set in Ophelia Bell's dragon world. It features heroes of various races and a powerful heroine who captures their hearts. Deva Rainsong was born with dragon fire in her veins, an ursa's generous heart, a turul's skill with song, and the carnal appetites of a nymph. What she wasn't born with was a soul. It's all she's ever wanted, but the one thing she can never have. Rather than pine for a soul mate, she sets off on a quest to save the lives of a segment of humanity that's been tainted by higher races blood, and is being targeted by Fate to have their souls "recycled"
