## Environomics

Environomics. Environomics provides consulting services in policy analysis for public and private sector clients in the U.S. and abroad. We focus on issues involving the environment, energy, and occupational safety and health (OSH). As the firm's name implies, we believe that substantive goals regarding the environment, energy, and OSH can and must be achieved in concert with broader economic goals.

First, environmental effects are economic externalities. Polluters do not usually bear the consequences of their actions; the negative effects most often occur elsewhere or in the future. Second, natural resources are almost always underpriced because they are often assumed to have infinite availability.
