Women in History From great medieval queens to nurses in the First World War, the role of women throughout English history has often been overlooked. Here we highlight some of their stories – not only the women who achieved high status and success, but also those who remain largely unnamed in history, and who have quietly shaped our way of life today.

But women’s connection with the garden has a much longer history, although their role has often been overlooked. From Eve to the seventeenth century women have been the backbone to the garden, cultivating and selling produce, growing and collecting plants. "Virgins, Weeders and Queens" ranges from the virgins perched on turf seats in medieval illuminations and the weeding women of the Tudor royal garden to queens who introduced new plants to Britain and herb wives who had to dodge ...
