What You Will Find Here Here's some good news for all iOS users. iOS 7 is finally here and is set to take the world by storm. Well, if you've upgraded to the latest iOS version, there are chances your device would look alien. Interestingly, this latest offering from Apple has a number of amazing features but you may not find them on day one. This can be a little depressing for some of you, but, there's nothing to worry about. iOS 7 Starter Guide is packed with some useful tips and information to help you browse through the new operating system. So what are you waiting for? Continue reading to find out more about this incredible software.

Product description*This is a user manual. Don't mistake it for actual phone, please.The iPhone doesn't come with a printed user guide, but that doesn't mean that there isn't a guide. You just need to know where to look for it.All iPhone models are relatively similar when it comes to their hardware. It's the software that's really different. Apple releases a user guide that covers all models that can run the latest operating system every time there's a major new version of the iOS (the operating system that runs on the iPhone).This Guide is a splendid companion for iPhone of all type. This is a very thorough, no-nonsense guide, particularly very useful for the newbies. This guide contains a lot of information on how you can satisfactorily use your iPhone's. It is full of actionable steps, hints, notes, screenshots and suggestions. This guide is particularly useful for newbies and seniors; nevertheless, I strongly believe that even the techy guys will find benefits reading it.Put simply, if you want to get the most out of your phone choose this guide.This paperback has a black-and-white interior and a full-color cover. In addition, you would get a free eBook copy of this guide when you purchase the paperback, this would allow you to clearly see all the screenshots that might not be clear enough in the black & white paperback.

If you believe some news stories, the latest iPhone update (iOS 7) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of.The iPhone doesn't come with a handbook / user guide; this though doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it:1. Download it from the Apple iBookstore (it's free)2. Get it online by going to manuals.info.apple.com3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'.So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email.It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 6) then you will most probably find it useful.If you are ready to learn read on!

Get ready to create killer apps for iPad and iPhone on the new iOS 7! With Apple's introduction of iOS 7, demand for developers who know the new iOS will be high. You need in-depth information about the new characteristics and capabilities of iOS 7, and that's what you'll find in this book. If you have experience with C or C++, this guide will show you how to create amazing apps for iPhone, iPad, and iPod touch. You'll also learn to maximize your programs for mobile devices using iPhone SDK 7.0. Advanced topics such as security services, running on multiple iPlatforms, and local networking with Core Bluetooth are also covered. Prepares experienced developers to create great apps

for the newest version of Apple's iOS Thoroughly covers the serious capabilities of iOS 7; information you need in order to make your apps stand out Delves into advanced topics including how to control multitasking, security services, running apps on multiple iPlatforms and iDevices, enabling in-app purchases, advanced text layout, and building a core foundation Also covers REST, advanced GCD, internationalization and localization, and local networking with Core Bluetooth iOS 7 Programming: Pushing the Limits will help you develop applications that take full advantage of everything iOS 7 has to offer.

Explains how to import, organize, modify, and share photographs using the Macintosh photograph editing and management software.

The iPhone 5S introduced several new features not seen in the iPhone 5, such as a fingerprint scanner, new camera features, and an entirely new operating system.This guide will introduce you to these new features and show you how to use them. This book gives task-based instructions without using any technical jargon. Learning which buttons perform which functions is useless unless you know how it will help you in your everyday use of the iPhone. Therefore, this guide will teach you how to perform the most common tasks. Instead of presenting arbitrary instructions in lengthy paragraphs, this book gives unambiguous, simple step-by-step procedures. Additionally, detailed screenshots help you to confirm that you are on the right track. This Survival Guide also goes above and beyond to explain Secret Tips and Tricks to help you accomplish your day-to-day tasks much faster. If you get stuck, just refer to the Troubleshooting section to figure out and solve the problem. This iPhone guide includes: - Using Siri - Using the Notification Center - Searching a Web Page - Viewing an Article in Reader Mode - Selecting a Pre-Loaded Equalization Setting - Taking a Picture from the Lock Screen - Creating and Editing Photo Albums - Editing Photos - Inserting Emoticons - Customizing Keyboard Shortcuts - Customizing Custom Vibrations - Using LED Flash Alerts - Formatting Text in the Email Application This guide also includes: - Getting Started - Making Calls - FaceTime - Multitasking - Button Layout - Navigating the Screens - Using the Speakerphone During a Voice Call - Staring a Conference Call - Managing Your Contacts - Text Messaging - Adding Texted Phone Numbers to Contacts - Copying, Cutting, and Pasting Text - Sending Picture and Video Messages - Using the Safari Web Browser - Adding Bookmarks to the Home Screen - Managing Photos and Videos - Using the Email Application - Viewing All Mail in One Inbox - Managing Applications - Setting Up an iTunes Account - Sending an Application as a Gift - Using iTunes to Download Applications - Reading User Reviews - Deleting an Application - Reading an eBook on the iPhone - How to download thousands of free eBooks - Adjusting the Settings - Turning On Voiceover - Turning Vibration On and Off - Setting Alert Sounds - Changing the Wallpaper - Setting a Passcode Lock - Changing Keyboard Settings - Changing Photo Settings - Turning Bluetooth On and Off - Turning Wi-Fi On and Off - Turning Airplane Mode On and Off - Tips and Tricks - Using the Voice Control Feature - Maximizing Battery Life - Taking a Screenshot - Scrolling to the Top of a Screen - Saving Images While Browsing the Internet - Deleting Recently Typed Characters - Resetting Your iPhone - Troubleshooting - List of iPhone-friendly websites that save you time typing in long URL addresses

The iPad iOS 7 Quick Starter Guide (For iPad 2, 3 or 4, New iPad, iPad Mini with iOS 7)If you believe some news stories, the latest iPad update (iOS 7) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPad and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of.The iPad Mini doesn't come with a handbook / user guide, but don't believe other handbooks that tell you that's why you need to buy their handbook!

iPad Mini does have a handbook! There's three ways to get it:1. Download it from the Apple iBookstore (it's free)2. Get it online by going to manuals.info.apple.com3. Get it on your tablet; if you go to your bookmarked pages on Safari, the last bookmark is for the "iPad Mini User Guide."So why do you need this book? This book was written for my parents; people who needed to know as much as possibly, as quickly as possibly. There are people who want to know every single little detail about the iPad Mini, and you will find that in Apple's comprehensive manual; but if you are like my parents-new to the iPad Mini and just want to learn all the basics in about 30 minutes or an hour, then this guide will help you-people who just want to know how to add their contacts, take photos, and email.It's not for advance users, although if you are upgrading from the previous Apple iOS (iOS 5.1) you will probably find it useful.If you have previously purchased my iPhone iOS 7 Quick Starter Guide, know in advance that this is essentially the same guide-if you know how to use an iPhone, then you don't need a quick start guide-you already know how to use an iPad Mini! If you want to know more, then get Apple's free guide.If you are ready to learn, then read on!

So you want to know about all the cool new features Apple developed with iOS 7 for the iPhone? We at Scribe Digital have put together all the features for you to easily browse with screenshots depicting the feature; such as Photos Filters, Siri's Social Media Integration and much more in the following categories: + Apps + Maps + Media + Safari + Siri + Stores + Tweaks + User Interface + Weather The goal from the outset was to provide the reader with as many features as possible in a clear and concise manner, so you the user could go straight to benefiting from all the 100+ new features without having to dig deep. This clutter and jargon free approach is a winning formula enabling the user to quickly benefit from the iOS features and tricks, for both the novice and advanced user. We hope you enjoy this book as much as we have enjoyed putting it together for your benefit. Please email us with feedback at info@scribedigital.com We would really appreciate if you could take the time to leave a review also.
