Marcovaldo, and irrepressible dreamer and inveterate schemer embarks on a series of adventures, with unpredictable results

A novel of a delightful eccentric on a search for truth, by the renowned author of Invisible Cities. In The New York Times Book Review, the poet Seamus Heaney praised Mr. Palomar as a series of “beautiful, nimble, solitary feats of imagination.” Throughout these twenty-seven intricately

structured chapters, the musings of the crusty Mr. Palomar consistently render the world sublime and ridiculous. Like the telescope for which he is named, Mr. Palomar is a natural observer. "It is only after you have come to know the surface of things," he believes, "that you can venture to seek what is underneath." Whether contemplating a fine cheese, a hungry gecko, or a topless sunbather, he tends to let his meditations stray from the present moment to the great beyond. And though he may fail as an objective spectator, he is the best of company. "Each brief chapter reads like an exploded haiku," wrote Time Out. A play on a world fragmented by our individual perceptions, this inventive and irresistible novel encapsulates the life's work of an artist of the highest order, "the greatest Italian writer of the twentieth century" (The

Three tales, each dominated by one of three senses, present a married couple touring Mexico, a tyrant made prisoner of contradictory messages, and a fashionable Parisian and a drugged rock musician impassioned by scents

In a collection of stories written during the 1940s and 1950s, the author captures moments of revelation in the lives of ordinary people, instants blending recognition and alarm as deceptions and illusions are laid bare

Italo Calvino's beloved, intricately crafted novel about an Emperor's travels—a brilliant journey across far-off places and

distant memory. “Cities, like dreams, are made of desires and fears, even if the thread of their discourse is secret, their rules are absurd, their perspectives deceitful, and everything conceals something else.” In a garden sit the aged Kublai Khan and the young Marco Polo—Mongol emperor and Venetian traveler. Kublai Khan has sensed the end of his empire coming soon. Marco Polo diverts his host with stories of the cities he has seen in his travels around the empire: cities and memory, cities and desire, cities and designs, cities and the dead, cities and the sky, trading cities, hidden cities. As Marco Polo unspools his tales, the emperor detects these fantastic places are more than they appear.

Cosmicomics “demonstrates clearly his talent for transforming the mundane into the marvelous” (The New York Times). Italo Calvino is widely recognized as one of postwar Italy’s greatest fiction writers and one of the twentieth century’s greatest fabulists. This collection of three stories showcases his range and virtuosity. In the title story, an Italian Communist poll watcher is stationed at a hospital in Turin, where nuns guide the hands of invalids to their preferred candidate in a special election. In “Smog,” a city’s cooperative laundry facility reveals a harbinger of social purification. And in “The Argentine Ant,” the citizens of a provincial seaside town struggle against a government-controlled infestation. “Like Jorge Luis Borges and Gabriel García Márquez, Italo Calvino dreams perfect dreams for us.”

Invisible Cities (Colin Dwyer, NPR). Italo Calvino's beloved cosmicomics cross planets and traverse galaxies, speed up time or slow it down to the particles of an instant. Through the eyes of a "cosmic know-it-all" with the unpronounceable name of Qfwfq, Calvino explores natural phenomena and tells the story of the origins of the universe. Relating complex scientific and mathematical concepts to our everyday world, they are an indelible and delightful literary achievement. Originally published in Italian in three separate volumes—including the Asti d'Appello Prize-winning first volume, Cosmicomics—these thirty-four dazzling stories are collected here in one definitive English-language anthology. "Trying to describe such a diverse and entertaining mix, I have to admit, just as Calvino does so often, that my words
