Keinosuke Enoeda Tiger Of Shotokan  
The York brothers have returned to the art of Shotokan karate-do 15 years after ... black belt status – passing his grading under Keinosuke Enoeda 8th Dan, the chief instructor in Europe for ...

The first of two books. It contains the complete syllabus required to take the student from absolute beginner to Green belt. Each section is clearly divided into separate levels for each kyu grade, incorporating all the appropriate techniques, sparring and kata.

Martial Arts Biographies: An Annotated Bibliography lists hundreds of martial arts related biographies and autobiographies. Most of the entries are annotated, giving a synopsis of the relevant material in the book. Included are listings for martial artists of Karate, Kung Fu, Aikido, Judo, Jiu Jitsu, Tae Kwon Do, Ninjutsu, Tai Chi, and many other styles. Appendices list productive sources for new and used books, and contact information for major publishers of martial arts books. Martial Arts Biographies: An Annotated Bibliography is a useful resource for martial arts researchers, readers, book collectors, and libraries.

Many books have been written about the origins of Karate-Do and the legendary masters who caused its meteoric rise into what has become a worldwide sporting phenomenon. Karate is practiced by tens of millions in over seventy countries. Although most of its practitioners are children, the majority of books that have been written are for adults. The Little Bubushi tells the story of karate and the amazing tales of its legendary masters in an enjoyable way that is intended for children. But the story is enjoyable for readers of all ages. The legends of Karate-Do are brought to life in its beautifully descriptive stories that tell of the heroics and steely determination that embody karate history. The peaceful philosophies behind this multi-layered martial art are too often overlooked, while its graphic fighting forms more often take center stage. Karate is explained simply, so children may gain a greater understanding of the true meaning and nature of Karate-Do. The Little Bubushi: A History of Karate for Children is essential reading for all young karate enthusiasts. Andrew Michael O'Brien has taught hundreds of children karate over three decades, and has always used storytelling to motivate them. I also realized that no books like this have ever been written for children. He lives in Cardiff, Wales, and is working on his next two children's books. Through the lenses of Shotokan Karate and biomedicine, sensei and biomedical scientist Alex W. Tong shows readers how body, mind, and spirit can be developed through martial arts practice. Through the practice of martial arts, a person can realize their full potential—not only in body, but in mind and spirit. The Science and Philosophy of Martial Arts shows readers how. Author, sensei, and biomedical scientist Alex W. Tong delves into the physical, mental, and spiritual components of martial arts and integrates contemporary sports psychology, kinesiology, and neuroscience into a nuanced and illuminating understanding of what martial arts practice can be. Structured into three sections, Tong discusses: • The Mind: The dao of martial arts, mental tranquility, contemporary neuroscience, and warming up the brain • The Body: Posture and stance, breathing in martial arts, and the physics of mastery and effort • The Spirit: Soul, spirit, and moving zen; nature and manifestations of the spirit Each section includes observations on martial arts origins, physiology, and tangible results on martial arts training. Blending traditional and contemporary approaches, knowledge, and research, The Science and Philosophy of Martial Arts builds a vision of practice that elevates physical performance, awareness, decisiveness, and strength of spirit.

An authoritative text providing the newcomer to karate with all they need to know. Packed with clear photographs detailing techniques and kata (the combinations of techniques students must master to progress through the belts), this book is organized and designed to take the student step-by-step through the progression of the martial art, taking each belt in turn. Photographs are accompanied by clear instructions from the author, a trained instructor with his own karate school. Karate is a martial art that focuses on the application of strikes using the hands and feet. It originated in Japan and has become popular throughout the world. There are many styles of karate but the most widely practiced outside of Japan is Shotokan. Training in karate is normally divided into three sections: the basic technique; kata, or sequencing of techniques to imaginary opponents; and kumite, the sparring done with an opponent. Gradings are the exams needed to progress to the next level. Typically, three months is needed to progress through each grading. There are usually three or four gradings per year, each with a syllabus. In total a student must passten gradings in order to get a black belt—this, on average, takes a student four years to attain. Packed with useful how-to diagrams and guides on technique, this book covers the training required to attain a black belt.

Combat sports & self-defence.

A richly illustrated guide to free fighting techniques of Shokotan karate by two leading martial artists, this text takes any beginner through the basic techniques of the art, and step-by-step photographs and clear, detailed captions, aim to ensure that the meaning of the technique is clear.
