In 1882 Jigoro Kano (1860-1938) founded Kodokan Judo at Eishoji Temple in Tokyo. It was the culmination of a lifelong devotion to the jujutsu of the past, which he reorganized while taking great care to retain its classical traditions. Historically, martial arts were practiced only by the elite in Japan. Kano, a renowned educator as well as a sportsman, is credited with popularizing the martial arts, and in particular, judo, among people in all levels of society. When he was young, Kano studied jujutsu, a martial art practiced in Japan since feudal times, which involved throwing, hitting, kicking, stabbing, slashing, choking, bending and twisting limbs-and defenses against these attacks. After years of studying, he realized that although many different jujutsu techniques were taught, there was no one core value holding them together. Kano identified an all-pervasive principle- to make the most efficient use of mental and physical energy-and combined only those techniques in which this principle was correctly applied into modern judo. "Ju" means gentleness or giving way. "Do" means principle or the way. Judo, therefore is the Way of Gentleness, which implies that first giving way leads to ultimate victory. The Kodokan is literally, "the school for studying the Way." This book is a collection of Kano's essential teachings, selected and compiled from his wealth of writings and lectures spanning a period of fifty-one years. Today the International Judo Federation has 187 member countries and regions. As an official sport of the Olympic Games, judo has inspired young people of all nationalities, and Kodokan is universally recognized as the Mecca of Judo.

This judo text is written in easy-to-follow language and illustrated withction photographs. It describes all basic and intermediate level techniques.

As first teaching lesson in Judo begins with the fundamentals of Judo, I also thought to write book on Judo after teaching judo for more than 32 years to university level judo players. The Judo fundamentals are to be taught to any beginner for making his base strong, so that he/ she may be able to train himself or herself for international competitions in a better way after understanding the basic fundamentals. The teaching of fundamentals of Judo should receive great attention and importance by the Indian coaches. I have made sincere effort to enrich its content incorporating the latest information available with print and electronic media on various aspects of the fundamentals of Judo. The language being used is simple for better understanding of beginners and students of Physical Education undergoing professional courses of physical education in India.

"[The author] constinues the examination of Ju-no-kata that she began in her first book ... [and] draws upon her exhaustive experience in teaching and understanding Judo to elaborate on the finer points of Ju-no-kata."--Page 4 of cover.

Kodokan judo, one of the most well-known martial arts in the world today, was originated by Jigoro Kano (1860|1938), a martial artist and career educator who developed the art after studying several types of jujutsu, sumo, and Western wrestling. Openness and refinement were hallmarks of his personal and professional style, and he relentlessly searched for the best way to practice, teach, and perform techniques. This biography shows how Kano saw judo as a vehicle not just for self-defense, but for physical, spiritual, and moral development as well. His teachings clearly emphasize his ideal of judo as a way of self-cultivation that leads to physical health, ethical behavior, and ultimately a better society. Kano was a tireless activist who promoted the practical application of judo's principles in all realms of life|in one's personal behavior, for education, in work, for economic benefit, and in both the local and international political arenas. Kano's students were a colorful, sometimes notorious bunch, and this book reveals how several went on to become famous|or infamous|in their own right. They include a prime minister of Japan, the leader of the Communist party in China, a famous novelist, a spy, high-level military leaders, and a media mogul, among many others.

Based on the classic syllabus of Kyuzo Mifune, the highest ranked master inodokan judo, this text presents the fundamental techniques of judo, alongith the history and structure of international judo, ranking systems, anddult and youth grade requirements. The International Judo Federation Contestules and a full instruction programme on the basic elements are alsoincluded.

In a reprinted edition of a classic instructional book, now with a new foreword, the author presents judo as the art of using all parts of the body to promote general health, covering specific movements and positions and revealing the martial art's potential for improving mental and physical coordination.
