Pest Control Service Record—portal.ct.gov

A borehole of approximately 1 to 2 millimeters runs parallel to the height and width of the book. The cigarette beetle (*Lasioderma serricorne*) is a small, light-brown flying beetle that commonly infests books. The beetle's larvae are one of the types popularly known as bookworms, with eggs laid on the spine of a book and along the edges. Immediately upon hatching, the larvae tunnel under the binding cover, especially down the spine area.

~~Pest Control in Abu Dhabi. Book Online from AED 149 ...~~

Pest control is at least as old as agriculture, as there has always been a need to keep crops free from pests. As long ago as 3000 BC in Egypt, cats were used to control pests of grain stores such as rodents. Ferrets were domesticated by 500 AD in Europe for use as mousers. Mongooses were introduced into homes to control rodents and snakes, probably by the ancient Egyptians.

~~Pest control—Wikipedia~~

Ecofriendly Pest Management for Food Security explores the broad range of opportunity and challenges afforded by Integrated Pest Management systems. The book focuses on the insect resistance that has developed as a result of pest control chemicals, and how new methods of environmentally complementary pest control can be used to suppress harmful organisms while protecting the soil, plants, and air around them. As the world's population continues its rapid increase, this book addresses the production of cereals, vegetables, fruits, and other foods and their subsequent demand increase. Traditional means of food crop production face proven limitations and increasing research is turning to alternative means of crop growth and protection. Addresses environmentally focused pest control with specific attention to its role in food security and sustainability. Includes a range of pest management methods, from natural enemies to biomolecules. Written by experts with extensive real-world experience.
