Here's the complete stories of Wulf von Hannover, Theo Valencia, and Alexandre Valentine, all wrapped up in a special boxed set just for you. This special boxed set includes the novels plus the short stories and epilogues for all three series, and they're all in correct reading order. These layered, intricate stories will have you gasping from surprise . . . and more. "The chemistry Wulf and Raegan have is amazing and the fact that they are both so stubborn makes their relationship funny at times. The series covers everything from finding out about the good, bad, and ugly of each other to meeting the family. There are raw emotions in these books." --Random Museomy Book Blog This (Theo and Lizzy) series just takes my breath away. Breathless!!!! That's how this book made me feel from beginning to end. It was one of those books I just couldn't put down until some of my questions were answered. I was constantly on the edge of my seat anxiously hoping it would turn out the way I hoped. I had this same sense of anxious excitement from the very first book of this series and it has not left me yet. This is not your typical cliched romance novel,where you can tell practically from the first page what is going to happen. Oh no! This book has you waiting with bated breath to see what happens next. I cannot wait for the next book. Ms Babylon is a genius,who proves every skeptic who says all romance novels are alike, wrong! All I can say is they have never read an erotic romance Blair Babylon style. --Karen R. Amazon Review. [Literary GOLD. Of the three BID books I have read thus far, this is by far my favorite. I haven't cried this much about a book in forever! I mean I literally cried through the final 20 pages of Xan & Georgie's book. I mean I tear up every time just thinking about it. Ever had a book that touches your romantic spirit? Ever had a book that breaks your heart? Ever had a book that touched your musical soul? Well this one does that. ADVICE: Do yourself a favor, and don't read these books out of order. I am glad that I went back and read these books in order. I Just Because. Maxence's brother was trying to kidnap or kill him, and an organized crime thug wanted to cut off Max's head and feed it to the sharks for entirely different reasons. So, when a cute little blonde stood up on a barstool in the middle of the Buddha Bar in Paris and drew the attention of the wrong sort of guys, Maxence swooped in for the rescue. Everything about her appealed to him: her sweetness, her giggliness, and especially the fact that she was in trouble. That last part made her sugar and catnip to Max. Luckily, he only had five days before he left Paris and Europe for wherever his global charity job was going to send him this time. Why not spend it with the funny blonde who insisted he lie to her? Indeed, if he could confess his sins, unburden his soul, and reveal what he thought he never could. Five days with her sounded like Heaven, if he could just convince her to stop throwing him out of her hotel room. *** My life has become a sad country music song, but instead of heading south, I went to Paris. I was a good girl who had nothing left to lose, literally. My boyfriend did stolen everything. Everything except a non-refundable plane ticket to Paris, which was supposed to be the trip of a lifetime where that deadbeat was going to propose at the top of the Eiffel Tower. So, I got on the plane without him. After all that, it was understandable that when I started drinking at the Buddha Bar, things got a little out of hand. Luckily, a man intervened. He was so ripped that I could see every thick muscle of his abs, obliques, chest, and arms through the tight see shirt he was wearing. He towered over the guys who were bothering me, and they backed off. I took him back to my hotel because I was full of drunken, bad decisions that night. The last thing I needed was a man who wanted to save me when I was trying to do all the wrong things.
