Radios that are IP67 rated, such as the SC20, STP9000 and the intrinsically safe STP8X Series, can be rinsed under gently running water with a mild detergent. The battery and antenna MUST be fitted to the radio before rinsing under running water. Shake the radio to remove excess water from behind the keypad before drying. Dry the radio with a clean lint free cloth and then sanitise the radio ...

The Oxford Specialist Handbook of Global Anaesthesia is a key reference for anaesthetists working in environments with scarce resources. Whether due to rural locations, poverty, natural disasters, the outbreak of epidemics, or war and conflict, this handbook supports anaesthetists to practice to a high standard in challenging situations and to problem solve when faced with unusual circumstances. Practical and concise, this resource outlines how to make the most of minimal resources, from finding alternatives to typical forms of anaesthesia, to the minimum standards for the safe and effective use of equipment. Intuitively laid out, with preoperative and perioperative instructions across a swathe of sub-specialties, including obstetrics, paediatrics, burns, pain, trauma, and critical care. Written by international experts with a wealth of experience administering anaesthesia in elective and emergency settings across the globe, this essential handbook provides the definitive guide to the provision of consistently safe anaesthesia in unfavourable environments, in a portable and easy-to-read format.

To Rory Yates being a Texas Ranger is about justice, but all of that changes when he is brought to a small southern town to help uncover the mysteries behind a local woman's death—only to discover corruption and lies. Texas Ranger Rory Yates is not keen for hero status. But it's unavoidable once his girlfriend, country singer Willow Dawes, writes a song about his bravery. Rory escapes his newfound fame when he's sent to the remote West Texas town of Rio Lobo, a municipality with two stoplights. And now, according to the Chief of Police, it has one too many Texas Rangers. Rio Lobo Detective Ariana Delgado is the one who requested Rory, and the only person who believes a local councilwoman's seemingly accidental death is a murder. Then Rory begins to uncover a tangle of small-town secrets, favors, and lies as crooked as Texas law is straight. To get to the truth before more people die, Rory is forced to take liberties with the investigation. The next ballad of Rory Yates may not be about a hero, but rather an outlaw song.

The Soprano Sorceress, the first novel in New York Times bestselling author L. E. Modesitt, Jr.'s epic fantasy series the Spellson Cycle about a singer and music instructor at Iowa State University who gets far more than she expected when she is magically transported to the world of Erde. On Erde, Anna Marshall is no longer just a professional singer. In this world, song is magic, making Anna a sorceress, potentially the strongest in Erde. Here, a wrong note can mean death to a sorcerer, but Anna's lifetime of training means she can sing more powerfully and precisely than anyone else. Her power does not go unnoticed and makes her a target. To survive, Anna must learn enough song-magic and understand this new world. The Spellson Cycle The Soprano Sorceress The Spellson War Darksong Rising The Shadow Sorceress Shadowsinger Other series by this author: The Imager Portfolio The Saga of Recluce The Corean Chronicles The Ghost Books The Ecolitan Matter At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Originally presented as the author's thesis, Columbia, 1974.

A new and truly awesome collection of comic fantasy masterpieces! It isn't often you find a posse of Greek goddesses putting down insurrection among unruly classical mortals, stranded aliens escaping earth in a church converted into a rocket, or a light-fingered time-traveller attempting to steal the universe - but here they all are, in another selection of bizarre comic fantasies.
