This construction site visit report template makes your site visits and site visit reports easier, more organised and more professional. A construction site visit report is used by construction companies and workers to 'check in' on site conditions and progress. Many construction companies use a number of forms to stay on top of daily or weekly progress including site diaries and daily progress reports, but it's still important for companies to measure and track progress on other dimensions.

~~Construction Site Visit Report template and sample [Free~~

Site inspectors provide an independent assessment of the works and will generally report to the contract administrator. They are likely to keep a site diary, attend construction progress meetings and to produce regular written reports . Traditionally on the larger projects a clerk of works was appointed to be the eyes and ears of the consultants and be resident on site.
