Investing \$10,000 into the stock market for a year and earning a 10% return is considered a great investment – but your return winning a modest 54% of your sports bets would trounce that return. My picks have yielded a much higher risk adjusted return than the stock market. Obviously, the variance from season to season is formidable, but as ...

Sports Investing Step 1 – Growth. It ' s important that you keep all your winnings in your sports investing pot. Even when you start making good money, don ' t take anything out during the first year. All profits will be invested in making more investments. This is what gets the bankroll growing and enables you to increase unit sizes.
