Tax laws are the rules and regulations that stipulate how, when, and how much must be paid in taxes to local, state, and federal authorities.

Introduction to Tax Laws and Regulations

taxation is to correct the externality; this allows us to abstract from the differences between taxes and direct regulation that reflect the value of the tax contribution to government revenues (the "double dividend" issue). Our point of departure is the same as the literature on imperfect externality-correcting taxes (Sandmo,

Externality-correcting taxes and regulation

(Accounting: Tax) Taxation is the system by which a government takes money from people and organizations and spends it on things such as education, health, and defense. The plan would allow individuals to exclude from taxation 30 percent of their gain from the sale or exchange of long-held assets.

Taxation definition and meaning | Collins English Dictionary

Regulations and taxation Regulation of gold There is no over-arching global regulation for gold, but many aspects of it – especially on the mining side – are heavily governed by national rules.

Regulations and taxation | World Gold Council

Taxation, imposition of compulsory levies on individuals or entities by governments. Taxes are levied in almost every country of the world, primarily to raise revenue for government expenditures, although they serve other purposes as well. This article is concerned with taxation in general, its principles, its objectives, and its effects; specifically, the article discusses the nature and purposes of taxation, whether taxes should be classified as direct or indirect, the history of taxation, ...

Tax (PCRT) regulations | ICAEW

From Wikipedia, the free encyclopedia. International taxation is the study or determination of tax on a person or business subject to the tax laws of different countries, or the international aspects of an individual country's tax laws as the case may be. Governments usually limit the scope of their income taxation in some manner territorially or provide for offsets to taxation relating to extraterritorial income.
