~~The Problem With Technology In Today's Society~~

Technology and human life cannot be separated; society has a cyclical co-dependence on technology. We use technology; depend on technology in our daily life and our needs and demands for technology keep on rising. Humans use technology to travel, to communicate, to learn, to do business and to live in comfort.

Iron Triangles and Techno-Feudalism. One of the consequences of Iron Triangles is oligarchy, and decisions being made in the interest of a ruling clique, and not in the national interest. The problem when governance, regulation, and taxation is weak, and special interest groups that are supposed to be governed, regulated, and taxed grow over-powerful, is what we are calling techno-
