debate. This book explains that process through an historical case study of an automobile insurance entrepreneur, Samuel P. Black, Jr., and Erie Insurance, the company he helped build. These themes combine in the history of Black and Erie Insurance to illuminate the dynamic process by which the cultural, social, economic, and technological environment creates opportunities that entrepreneurs and entrepreneurial firms exploit, and how entrepreneurial actions stimulate economic growth.

The author weaves pearls of wisdom from Warren Buffet into an engaging narrative, organized into business and management topics, in a book that provides direct hands-on information for entrepreneurs, business students and more.
