From the very start Kingfisher Lake established itself as an out and out Big Carp water with its most famous former residents being Benson at 64lb. Kingfisher is about eight acres lined with mature trees, the lake bed has contours from shallows to depths, with plenty of features, crystal clear water clarity and abundance of naturals.

~~Kingfisher Lake | The UK's Favourite Carp Fishery ...~~

Formerly marketed as Abbey's 'predator' Lake during the early years, it has started to throw up some seriously good looking and seriously heavy carp in equal measure during the past 2 or 3 years, This is why in 2019 we decided to start the removal of the catfish as the potential of kingfisher as a carp lake was massive and after just 1 season of removals it has proved the right decision as the weights of the carp are increasing to staggering figures!!

larger of the two being slightly more prolific and less fished by coarse anglers. Though there are plans to remove all carp from the smaller side, which are already underway, so be sure to ask if any are left that side!

~~The Lake Of The Kingfisher — aurorawinterfestival.com~~

Kingfisher lake on the Bluebells complex is a very intriguing and mature 7 acre gravel pit holding a lot of big fish. It's hard to put an exact number on the actual stock but many believe there to be around 130 fish, including three 50lb fish {at the right time of year}. A backup team of around 27 x 40lb fish and a further 70 at 30lb or so.

~~Kingfisher Lake, Northamptonshire — Rules, Tips, Bait ...~~

Kingfisher Lake The smaller of the two lakes at around 2.75 acres and surrounded by trees. We completed a full renovation of this ancient lake in 2019, including de-silting, installing a dam wall and sluice system and taking out a number of old trees to ensure a good wind flow on the water .
