## Where To Download Ultimate Chinchilla Care Chinchillas As Pets The Must Have

Most chinchillas will prefer a water bottle over a water dish. Water bottles are less likely to be knocked over and will prevent bedding and hay from getting soggy. Your chinchilla's cage should also have lots and lots of hay. We will talk more about hay when we talk about chinchilla food, but remember: hay is your chin's BFF.

### How to Take Care of a Chinchilla: The Ultimate Guide ...

When setting up your new chinchilla habitat, make sure it is in a place where the temperature does not go over 24°C or 75°F. Any temperature over 27°C or 80°F and/or high levels of humidity, and your chinchillas are at risk for heat stroke and death.

However, chinchillas are not hard to take care of, and playtime doesn't require much from you. Allow your chinchilla out of the cage once a day if possible. Clearly, it's best to interact and play with your chinchilla during this time. However, it's not 100% necessary.

Are Chinchillas Social? [Chinchilla Owners Should Know This] Help your chinchilla keep up its routine by filling a container (or bath house) about two-inches deep with chinchilla dust (available at pet stores), then place your pet chin into it. Andrew Bean, DVM of Pet Care Veterinary Hospital in Virginia Beach, VA, said dust bathing is both a behavioral outlet and an innate behavior which plays an important role

Caring for a Chinchilla: What You Need to Know | PetMD

The wild chinchilla is usually some variant of grey in color. However, selective breeding in captivity has produced a wide range of possible colors and fur types in our domestic chinchillas. With proper care and good genetics, chinchillas can live between 10-20 years. Below are some guidelines for basic chinchilla care.

Chinchilla Facts | Humble Acres Chinchillas | New York

Chinchillas need a good-quality diet meant for chinchillas to stay healthy. Their digestive system is designed for foods very high in fiber, so a good high fiber diet and plenty of

grass hay is the cornerstone of a good chinchilla diet.  
Feeding them an inappropriate diet can cause serious  
digestive upsets and health problems.

Chinchilla Care Guide - The Spruce Pets

Chinchilla Cage Chinchillas need a cage that will provide them with space to run, climb and jump. The minimum size for one chinchilla should be 24-36 " x 18-24 " x 24 " (WxDxH). Ideally, chinchilla cages should have at least two levels or stories. Chinchillas love to have room to play and explore, so no cage is too big.

years. Unlike some pets that die after some months or years, the chinchilla will give you company for long. Some of the oldest chinchillas go up to 20 years. Since it is friendly, you can create a strong bond of many years.

### Do Chinchillas Make Good Pets (15 Reasons to Consider)

- Make sure your chinchilla has plenty of safe wood to chew on for dental health, many woods are toxic to chinchillas, so be sure to do your research (this goes for the bedding as well – kiln dried pine shavings work great and are inexpensive). Cleaned and baked apple wood is highly recommended for chew toys.
