From master Reiki teacher Lisa Champion comes The Art of Psychic Reiki, a one-of-a-kind, step-by-step guide for learning the sacred art of Reiki while cultivating the psychic and intuitive skills crucial to this healing energy work. Reiki is a gentle yet powerful, hands-on energy healing method from Japan that's been gaining in popularity over the last century—not only with bodyworkers and massage

therapists in the West but also with medical professionals who can attest to its healing power.

Born from the author's decades of experience with Reiki healing and her own methods, *The Art of Psychic Reiki* provides everything you need to know about this healing art, including the critical psychic development and empathy training that prepares healers to go out and do the work they were meant to do. If you're drawn to the healing art of Reiki, you might be a highly sensitive person, with high levels of empathy, intuition, and latent psychic abilities (a combination of intuition and inner knowing, plus the ability to connect with higher wisdom). And since Reiki is a form of energy healing, many new

practitioners may experience what's called a psychic opening as they learn or practice. For this reason, it's important that every Reiki practitioner master the ability to navigate their empathic and psychic sensitivities while engaged in this work—and this book can help. Whether you're new to Reiki or you're a practitioner seeking to deepen your knowledge and enhance your skills, with this guide you'll learn how to use Reiki to heal yourself and others, cultivate and trust your natural intuition, develop your empathic and psychic abilities, work with your spirit guides, and ground and protect yourself as a practitioner of this sacred healing art.

See the trailer for Lithomancy, the Psychic Art of Reading Stones via - <http://www.youtube.com/watch?v=oBI1MAiSTGg> This book explains in detail how to give psychic readings by interpreting the Pattern formed when a Reader or the Subject of a reading drops Sixteen Stones into a Circle of leather or lace, which represents the environment. Every Pattern is unique, and each

Online Library You Are Psychic The Art Of

reveals - in symbolic form - layer upon layer of information that is read in a clock-like fashion, starting at or near the center of the Circle and reading towards 12 o'clock, then around the Circle with each hour on an imaginary clock representing one week. Readers develop skill at Lithomancy by knowing the symbolism and meaning behind each Stone and the different ways to 'see' a Pattern, then combining that knowledge with intuition to interpret what the Pattern represents. Every person is different, and every Reader will invariably develop a personal style and read from a unique psychic perspective. In general, Lithomancy readings offer insights into many different issues

that have or will come up over the next three months: personal, financial, relationships, home, business plans, spiritual issues, unexpected changes, etc. The Patterns reveal how these issues interrelate, why they are occurring, and how the challenges a person faces can be used as opportunities. Patterns also reveal the 'light at the end of the tunnel, ' and show how - via free will - a person can become and stay empowered, benefit from their situations, create positive outcomes, and expand in personal and spiritual growth, regardless of the situation. Once a Reader learns the basics of this powerful and versatile psychic art system, he or she can apply variations to read for people other

than the Subject or for specific situations or matters of concerns, investigations, business plans, unique circumstances, etc. The author, Gary L. Wimmer, began giving readings in 1973, and since 1980 he has used the highly intuitive art of Lithomancy to give accurate and comprehensive readings in the USA and in Europe, in person and over the phone. He works regularly at psychic fairs, conventions, parties, fundraisers, on cruise ships, on live radio shows, etc. For information see garywimmer.com/psychic.

A look at why we are interested in what we see in art. Are we born with aesthetic preferences that are shaped by cultural influences? Is our natural attraction to Beauty another weapon in our arsenal of species' survival? This book examines many so-called rules of composition in the visual arts to find natural reasons for their

Online Library You Are Psychic The Art Of

existence. It is designed to aide the visual artist and those who appreciate their work by bringing attention to subtle cues of attraction cultivated by our ancient and immediate ancestors. It calls upon recent work in neuroaesthetics and other scientific disciplines to back up its speculative claims, and asks the reader to contribute opinions of their own on the books' website at naturallycomposed.com. There are many examples of photos in the book, and the reader is again asked to insert their own examples to enforce or refute the claims.
